CAR 54 WHERE ARE YOU GOING?

Car 54 of the Railway Historical Society is virtually completely rebuilt the biggest job left is painting. The car which was at one time a cable car and later rebuilt and electrified has recently been a political football. It has been in the news recently due to problems concerning the Whaley House property and San Diego's 200th anniversary. It is to be moved soon according to the RHS Newsletter, but a location has not been announced.
